

AGN. NO. 2

MOTION BY SUPERVISOR DON KNABE

September 4, 2012

AMENDMENT BY SUPERVISOR DON KNABE

AGENDA ITEM 2

The County's Mental Health Commission has and continues to play a key role in the review of all MHSA funded expenditures. I want to make sure that their role as the County's overseer of these public funds is not brushed aside. For that reason, I am introducing this friendly amendment.

I, THEREFORE, MOVE THAT THE BOARD OF SUPERVISORS not only Direct the Director of Mental Health to concurrently work with County Counsel and the Chief Executive Officer to develop a process that comports with State law for expedited consideration of Mental Health Services Act funding, **but to do so in consultation with the County's Mental Health Commission.**
